

A one day scientific meeting
At the Forum of the GBF in Braunschweig on
Biology of the Immune Defence

Will take place on the
1st of November 2005.

Members of several European networks will meet on this day. The meeting presents underlying mechanisms of the Biology of the Immune Defence. **Invited Speakers** include Marina **Botto** (London, UK), Ulrich **Kalinke** (Langen, Germany), Andreas **Lengeling** (Braunschweig, Germany), Irmgard **Förster** (Düsseldorf, Germany), Reinhold **Förster** (Hannover, Germany), Robert **Jack**, (Greifswald, Germany), Steffen **Jung** (Rehovot, Israel), Martin **Krönke** (Cologne, Germany), Burkhardt **Schraven**, (Magdeburg, Germany), Sjef **Verbeek**, (Leiden, Netherlands).

The meeting will consist of several 20 Minutes Presentations with ample time for general discussion. It will have long breaks to allow time for personal dialogue and it will have a site with poster presentations for the persons/groups who want to present their work for detailed project discussions. The idea of the meeting is to foster exchange of ideas, to start new interactions and to have fun during the meeting and at the reception.

The meeting starts at 9:00 am and will continue until about 6:00 pm followed by a reception at the site of the meeting.
